Welcome

Welcome to our annual "Maine Difference" Bull Sale. We have cut back on the number of bulls on offer this year as it's hard to justify keeping them an extra year and then taking some back home for people to buy later if needed, especially the price that calves are bringing. We certainly could keep more bulls and will in future years if demand dictates it. We're hoping it does because year after year now the calves sired by these genetics are eagerly anticipated by order buyers looking for these reputation cattle to buy. We've been closely watching our own calves that were purchased in previous years and the steers are grading more Triple A's than a lot of angus steers. That's why they are in high demand. We've seen a set of young cows dispersed this past fall that were bought as heifers at our sale a few years ago. They were excellent young cows and were the quietest cows that went through the ring that day.

Over the years we've heard the comments of how hard calving out Maines are, but that was 30 years ago. Well we have been castrating the few that are born over 100lbs at birth just so we keep the calving ease in them. We have also heard that Maines are for show ring cattle only but we can vouch that they are performance cattle that will feed, grade and yield with any breed out there and we feel their popularity is only going to grow.

These bulls are born out on grass in May and June, then weaned at the end of October and backgrounded on a silage based ration at 20% grain that just gently grows them out. They are turned out on grass for the summer and brought back in to the feedlot in late November where they are put on a similar ration with formulated bull developer pellet until sale time. They are ranch raised, know what big pastures are, and will get out and travel to settle your cows. Doesn't get any more natural than that.

We don't believe in pushing a lot of grain into the bulls just to get big rate of gains. We don't creep feed them as calves and they are not over-grained in the feedlot. Developed so they have the shape to them and are ready to breed. Numerous customers have told us they are using 8 to 9 year old bulls from us, that's longevity!

The bulls have had their 2 shots of Fusogard as yearlings and will have their booster shot when we semen test, so they will be ready to turn out.

If a lot of you put a lot of credence into the 205 adj w.w. you will be disappointed in the next couple of years' offerings of bulls. Nothing due to genetics or performance, it's called drought and it has been tough on "numbers." These calves are born on grass in May/June and have not been creep fed at all. It's tough on "numbers" but we just expect our cows to wean a good strong, healthy calf all by herself with what nature provides and breed back so she can do it all again next year.

Get us a good calf at weaning and we'll take care of it from there. No false numbers here, this is what they do in the toughest environments that each year throws at them. Hard to compete with 800 or 900 lb weaning weights but we stand behind our cattle that they will perform on feed. Year after year our calves are highly sought after because of how they perform on feed.

The open heifers will all be vet inspected and palpated to ensure open, sound breeding heifers. We have sourced them from customers that have purchased bulls and heifers at our previous sales. They will be sized and sorted into uniform lots. We also will have an outstanding set of Speckle Park heifers at this year's sale. We will have some of our own heifers there as well, they are all May/June born.

Welcome (cont)

We would like to take this opportunity to thank our past bidders, buyers and supporters of the sale! Your continued support is greatly appreciated. We would also like to extend a thank you to our catalogue sponsors, all of whom we appreciate for the services they provide to us and our community.

Bring your trailer or arrange transportation for your purchases or if need assistance call Dryland Cattle at (403) 575-3772 or Rick (403) 575-5521.

Justin Gattey is back at the gavel once again to sell these great cattle for us on April 7 at 1:00pm at Dryland Cattle Trading Corp. at Veteran AB.

Come early to view the bulls and heifers and join us for lunch at noon. Hope to see you there!

TERMS AND CONDITIONS

The terms of the sale are cash or cheque payable at par to Dryland Cattle Trading Corporation (D.C.T.C.) at Veteran, AB unless credit arrangements have been made prior to the sale. Please call Darwin Graham at 403 575 7567 or Rick at 403 575 5521 to make arrangements. All monies are in Canadian funds. The right of property shall not pass until settlement is made. All settlements must be made with the clerks of the sale before any cattle are released.

Each animal will be sold to the highest bidder. In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final. Each animal becomes the risk of the purchaser as soon as the animal is sold.

Announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

Consignors are in good standing with both the American Maine Anjou Association (A.M.A.A.) and the Canadian Maine Anjou Association (C.M.A.A.). All bulls have been DNA tested for parentage and are able to be registered with the A.M.A.A. or the C.M.A.A.

All bulls sold are guaranteed breeders by the owners. We guarantee to provide you with a sound breeding bull. The bulls on offer will have been vet inspected, palpated, and semen tested prior to sale by Dr. David Weeks D.V.M. of the Rangeland Veterinary Clinic. If you have a problem with your bull please notify us immediately.

Insurance will be available sale day from Roger E. Johnson Enterprises Inc. for Insurance. We strongly recommend that insurance is purchased for full value.

We will assist in arranging transportation wherever possible. Contact Darwin 403 575 7567 or Rick 403 575 5521 prior to sale if transporting long distance or out of province in order to make arrangements with D.C.T.C. staff so bulls can be delivered in a timely manner. Expenses incurred are the responsibility of the purchaser.

All persons who attend the sale do so at their own risk, and the owners, auctioneer and sale staff assumes no liability, legal or otherwise, for property loss or for any accidents that may occur.

The Maine Difference Bull Sale will be live at Dryland Cattle Trading Corp., April 7th at 1:00pm. Viewers will be able to watch the sale online through a link on www.drylandcattle.com but must bid via phone through D.C.T.C. at 403 575 3772. If you are unable to attend the sale but wishing to purchase, please make arrangements prior to the sale.

THANK YOU TO ALL BIDDERS AND BUYERS FROM THE 2017 SALE!
